

## **All Rise**

All rise and be heard, with some simple words.  
That come from the depths of our hearts  
And we all will sing, and the joy that it brings,  
Will be heard so near and so far

As our hearts celebrate, the return again  
We know that we're coming home  
And we'll be who we are, and our love travels far  
As we sing with our hearts again

And now we have seen, what was only a dream  
Is living right now in our hearts  
And the joy that we feel, it is oh so real  
As we sing with our hearts again

*So bring it on home to where it belongs,  
Let go of the old and return again  
We've been here before and we know that its true  
As we sing with our hearts again,  
As we sing with our hearts again*
